(2) The HVA moved to the Adlershof airfield in the summer of 1950.

(3) Only the 3rd VP Bereitschaft (Inf) is known to be located in Suhl. The unit was last confirmed in July 1950.

The present report indicates for the first time that, tesmes the Bereitschaften which are primarily engaged in basic training, there are Bereitschaften which have been newly activated from trained VP personnel. The understrength unit which had remained in Meiningen was probably due to receive new VP recruits in the
